

Supplier Checklist

Confirmations required before production

FINAL DIELINE, PRINTABLE AREA, SCALE, BLEED AND SAFE AREA MUST BE CONFIRMED AGAINST THE MANUFACTURER'S TEMPLATE BEFORE PRODUCTION.

Send this checklist with the files. Every item must be answered before production. Once the answers are in, the artwork can be adapted by uniform scaling and placement only; no redesign is needed.

All products

Question / confirmation	Answer
Print process per item (hot foil / cold foil / digital foil / metallic ink / CMYK only)?	
Spot-colour naming required by your RIP for foil (rename FOIL_GOLD if needed)?	
Foil colour: choose from the physical swatch (champagne / antique gold; gloss or satin)?	
Minimum foil line, reversed gap and counter size for this job and stock?	
Required PDF standard (PDF/X-1a, PDF/X-4) and output intent / ICC profile?	
Do you apply trapping? (None has been applied; foil overprints; no abutting CMYK colours)	
Hard-copy or digital proof, and a foil test strike before the run?	

Paper cups (270 ml / 9 oz)

Question / confirmation	Answer
Manufacturer dieline (vector) for this exact cup model?	
Printable area, rim-curl and base-fold no-print zones, side-seam position and overlap?	
Bleed required beyond the dieline?	
Maximum artwork height and recommended crest size?	
Number of crest placements (1 front, or 2 front/back)?	
Will you apply the conical arc-warp to the artwork, or should prepress supply warped art?	
Foil or metallic ink on this cup board? Food-contact compliance of inks/foil?	
Minimum order and colour count (does CMYK cream/background apply)?	

Tambourine

Question / confirmation	Answer
Exact printable face diameter (or template) and material of the head?	
Printing method on the head (UV digital / pad / screen / foil)?	
Safe margin from the hoop/edge required?	
Print the cream background, or print on the natural head only?	
Is a printed gold ring wanted in addition to the physical metal hoop? (Not included by default)	
Primary (reference-faithful) or safe-area 93.3 % variant?	

Invitation card

Question / confirmation	Answer
Final trim size (assumed 127 × 170.5 mm; 5 × 7 in possible)?	
Stock: cream/ivory (foil only) or white + CMYK cream flood?	
Bleed (3 mm assumed) and safe area (5 mm assumed)?	
Vines sit 0.6 mm (left) and 1.3 mm (right) from trim as in the reference. Acceptable with your trim tolerance?	
Crest fine detail (0.19 mm lines, 0.10 mm interlace gaps, 0.14 mm counters) holds in foil? Test strike?	
Butterfly: supplier, size, attachment method, and any area that must stay unfoiled for adhesive?	

	Question / confirmation	Answer
	Envelope / insert / other items? (Not in scope of this package)
