

Identity V2 — Natural Flower

Ivory paper · champagne/gold print · one natural flower with green stem and leaves

Revision of the applications only. The approved MY monogram, botanical line art, curved text and typography are reused unchanged: same vector paths, uniform scaling only. The printed invitation artwork is path-for-path identical to the approved invitation.

1. Direction

Champagne/gold print + ivory paper + subtle tonal botanical print + one natural white flower + natural green stem and leaves. The printed identity stays flat and restrained. Dimension and colour come from a single physical botanical element, never from extra printed colours.

Hierarchy (every application)

#	Element	Role
1	MY monogram	Hero mark. Always FOIL_GOLD (or CMYK gold where foil is not possible)
2	Youssef & Maii	Names, Crimson Text Italic, gold
3	8th of October, 2026	Date, smaller, gold
4	Botanical framing	Approved fine-line sprigs and vines in gold; optional tonal ivory pattern
5	Physical flower	Tactile accent only. Sits below the type, never overlaps or out-scales the monogram block

2. Colour rules

Swatch	Name	Use	Values
	FOIL_GOLD / CMYK gold	Monogram, type, botanical line art. Dominant identity colour	Spot FOIL_GOLD · CMYK C32 M52 Y83 K13 · #A37A4E

Swatch	Name	Use	Values
	Ivory	Paper / background	Ivory stock, or CMYK C5 M8 Y11 K0 · #EFE6DF
	Tonal ivory (new)	Optional subtle botanical pattern only; never for type	CMYK C8 M12 Y17 K0 · #E7DCCF
	Natural green	Not a print colour. Comes only from the real/physical stem and leaves	Reference only: approx. #7F9A6E (sage)
	Flower white + blush centre	Not a print colour. Physical flower only	—

Not allowed: pink or green typography, additional printed colours, bright/yellow gold, multicoloured floral graphics, printed illustrations of the flower.

3. Invitation V2

Printed (unchanged, approved): crest (monogram + sprigs), “Youssef & Maii”, “8th of October, 2026”, left and right gold vines.

New, printed, optional: a very subtle tonal ivory botanical pattern built from the approved sprig and vine drawings. It is kept away from the monogram, names, date, vines and flower zone so the hero type stays clean.

New, physical: one white flower (45–50 mm head, soft blush centre) with a natural green stem and leaves, placed in the marked flower zone (centre, below the date). It replaces the butterfly. Not printed; the zone is marked on the GUIDES layer of Invitation_V2_Master.svg.

Flower options (decide with the florist/maker): preserved or dried real flower; handmade clay, sugar or porcelain flower with a real or wire-wrapped green stem; fresh flower attached on the day (perishable). Attach with a glue dot or a fine silk stitch through two pin-holes; ask the supplier which.

Delivery: a dimensional flower will not pass through a flat envelope or post. Plan a presentation box or folder, or hand delivery. The A7 envelope is for flat cards (e.g. the thank-you card).

4. Application system

Application	Printed artwork	Size (ASSUMED — TBC)	Physical element	Files
Cups	Monogram only, 30 mm high, front centre. Botanicals removed from the cup to avoid clutter	Monogram 30 mm; cup per manufacturer dieline	—	02_CUPS/Cup_V2_Monogram_*
Stickers	Monogram on ivory, kiss-cut round	Ø40 mm, 2 mm bleed	—	03_STICKERS/Sticker_Round_40mm_*
Flower tag	Monogram with its approved sprigs (crest), ivory	50 × 85 mm, r4 corners, Ø5 mm hole	Tied to the natural green stem with an ivory/champagne silk ribbon	04_FLOWER_TAG/Flower_Tag_*
Flower wrapping	Champagne botanical pattern on ivory, seamless 140 mm repeat, plus a 500 × 700 mm sheet	Sheet 500 × 700 mm	Natural green stems visible above and below the wrap	05_FLOWER_WRAPPI NG/*
Cards	Crest, “Thank you”, names, date (same type sizes as the invitation); tonal pattern lower area	A6 105 × 148 mm, 3 mm bleed	Optional single green sprig	06_CARDS/Thank_You_Card_A6_*
Envelopes	Crest centred on the flap tip, ivory stock	A7 133 × 184 mm (back)	—	07_ENVELOPES/Envelope_A7_Back_*
Napkins	Minimal monogram, 26 mm high, centred on the folded face	Folded face 165 × 165 mm (330 mm napkin)	—	08_NAPKINS/Napkin_Folded_165mm_*
Gift / favour boxes	Crest centred on the lid, ivory	Lid 80 × 80 mm (box 80 × 80 × 50 mm)	Optional flower tag	09_GIFT_FAVOR_BOXES/Favor_Box_Lid_80mm_*

Every application has a **_FOIL_GOLD.pdf** (production: *FOIL_GOLD* spot + CMYK ivory/tonal layers; page 2 = foil only), a **_CMYK.pdf** (4-colour fallback with CMYK gold simulation), a layered **_Master.svg** (guides on a locked non-printing layer) and a **_Preview.png**. The wrapping paper has CMYK files only: large-area pattern on wrapping paper should be printed in CMYK gold or a metallic ink, not foil.

FINAL DIELINE, PRINTABLE AREA, SCALE, BLEED AND SAFE AREA MUST BE CONFIRMED AGAINST THE MANUFACTURER’S TEMPLATE BEFORE PRODUCTION. All sizes above are working assumptions.

5. Mockups (visualisation only)

*Mockups in 10 MOCKUPS are not print files.
The flower, stems, leaves and the metallic sheen are
simulated to show the intended physical result.*

6. What changed vs. V1

Item	V1	V2
Invitation	Gold print + 3-D butterfly	Same gold print + optional tonal pattern + physical white flower with green stem and leaves
Cups	Crest (monogram + sprigs)	Monogram only
Logo / monogram / typography	Approved	Unchanged
New applications	—	Stickers, flower tag, flower wrapping, thank-you card, envelope, napkin, favour box

7. Open decisions

- Flower type and maker (preserved, handmade clay/sugar, or fresh) and the attachment method.
- Presentation/delivery format for the dimensional invitation.
- “Thank you” wording on the card is a placeholder. Confirm or replace (same font, same sizes).
- All physical sizes and dielines (cups, boxes, napkins, envelopes, stickers, tags) with each supplier.
- Whether the optional tonal pattern is printed (it adds one CMYK pass; skip it for a foil-only job on ivory stock).
